## Media Release

For Immediate Release – Thursday 22<sup>nd</sup> February 2018

### “Elliott welcomes West Sliders on board for 2018”

Brayden Elliott Racing welcomes well known knee slider brand - West Sliders on board for the 2018 British Superstock 1000 season, as an official partner going forth.

West Sliders' aim is to bring quality racing essentials to all riders at an affordable price, keeping rider confidence in mind.

Elliott will be championing the West Sliders product in his debut round of the British Superstock 1000 Championship at Donington Park GP 31 March – 2 April, and for the remainder of BSB season.

Elliott shares his excitement with partnering with such a well reputable brand as West Sliders, “Every aspect of racing is very important, and it’s not a sport where you can skip on equipment or have anything but the best quality when you’re dealing with the protection for your body,” he began.

“I always choose to use the best products, and to represent companies that I myself believe in, that’s why partnering with West Sliders was a no brainer for me.

“I was even more thrilled to team up with a company who stocked my signature neon pink colour! I am looking forward to representing West Sliders in the BSB paddock this year, and sharing the benefits of this fantastic product,” Elliott concluded.

To get more information on West Sliders head to [www.westsliders.com.au](http://www.westsliders.com.au). Be sure to look out for the West Sliders logo on Brayden this year, and stay up to date with him this season by heading to [www.braydenelliott.com.au](http://www.braydenelliott.com.au), or by liking his Facebook and Instagram page.
